BORDEAUX Olivier Kahn Discussions

Spin Crossover and Switchable Materials

Welcome

Dear Colleagues, we are pleased to announce the 3rd BOOK-D conference to be held in Bordeaux, France, on **June 26-27, 2017**. This annual event, alternatively organized by the *Institut de Chimie de la Matière Condensée de Bordeaux* (ICMCB) and the *Centre de Recherche Paul Pascal* (CRPP), is this year devoted to **spin crossover materials** and will be held at the ICMCB.

Several aspects of this field will be presented from the chemistry and the design of spin-crossover molecules and materials, their multiscale characterizations, the introduction of multifunctionality, the theoretical description of the phenomenon and the integration in molecular electronics.

This event is organized to promote exchange and discussions. A number of active experts in the field of spin-crossover materials have already accepted the invitation to join the conference and to discuss their recent findings. Young researchers, post-docs and PhD students are encouraged to present their research during the poster session.

We look forward to seeing you in Bordeaux.

Conference chair:

Guillaume Chastanet (ICMCB)

Program at a glance

june	26 th	27 th
9h-12h	Welcome Lectures	Lectures
13h30-16h	Lectures	Lectures
16h30-19h	Lectures	Closing remarks
19h-21h30	Poster session Buffet	

Guillem Aromí (*Univ. de Barcelona, Spain*)
Eva Rentschler (*Univ. of Mainz, Germany*)
Suzanne Neville (*Univ. of Sydney, Australia*)
Jordi Cirera (*Univ. de Barcelona, Spain*)
Michael Shatruk (*Florida State Univ., USA*)
Helena Shepherd (*Univ. of Kent, UK*)
Eugenio Coronado (*Univ. of Valence, Spain*)
Matteo Mannini, (*Univ. of Florence, Italy*)
Amandine Bellec (*Univ. of Paris, France*)
Wulf Wulfshekel (*Univ. of Karlsruhe, Germany*)
Paulo Martinho (*Univ. of Lisboa, Portugal*)
Amélie Bordage (*Univ. of Orsay, France*)
Sally Brooker (*Univ. of Otago, New-Zealand*)

Registration

A **60 € registration fee** will cover the participation to the scientific program, lunches and dinner and coffee breaks. The registration website will be opened soon. Students are welcome to present posters in a dedicated session. The **deadline** for registration and submission of presentation titles is set on the **15 of May 2017**. The number of participants will be limited to 100.

Venue

The *Institut de Chimie de la Matière Condensée de Bordeaux* (ICMCB) will host this event. The laboratory is located in Pessac, just outside the city centre of Bordeaux and 30 minutes from Bordeaux-Merignac Airport and the central train station. Details for reaching the conference site as well as a list of nearby hotels is provided on the conference website.

More information

Practical informations are available on the BOOK-D website: <http://www.book-d.cnrs.fr/>. You can contact also the organizers at guillaume.chastanet@icmcb.cnrs.fr.
